**Glendale Career College (GCC) Honors Student Stars and Ambassadors at Fall Luncheon**  
*Event Honored Standout Students Who Demonstrate Continued Commitment To Excellence*

WEST COVINA, Calif.— On Wednesday, November 6, members of Glendale Career College’s Executive Committee gathered to recognize 9 outstanding students for their exemplary service and academic achievements as part of the College’s Student Recognition Program. With the goal of promoting and recognizing excellence throughout its student body, the program brings together Student Stars and Student Ambassadors with College leadership for a special luncheon at South Hills Country Club.

“We were excited to be able to honor these individuals who are raising the bar in their studies and as peer mentors in their programs,” explained Chief Operating Officer Baylor Meza, who hosted the luncheon along with several members of GCC’s leadership. “It was incredible to hear these students’ stories and to understand what this honor meant for them.”

Student Stars and Student Ambassadors are chosen on a quarterly basis, with each GCC campus choosing two Stars and one Ambassador. Student Stars are those individuals who demonstrate a commitment to excellence in their studies, whether as an Outstanding Academics Star, Campus Impact Star, Emerging Leadership Star, Stick to It Star, or Outstanding Volunteer Star.

Student Ambassadors serve as peer mentors for the student body and bring positive energy to the College’s community every day. They are individuals other students look up to or feel they can talk to if they don’t feel comfortable sharing with a Team Member. In addition to the luncheon, both Stars and Ambassadors are recognized on their campus and at Commencement.

“The students who came together represented a variety of programs and a number of different campuses,” Meza shared, “but they all shared the same drive and dedication to excellence. We are proud to call them Glendale Career College students and can’t wait to see the way they transform their communities for the better once they graduate!”
